

MOBILE DEPOSIT CHEAT SHEET

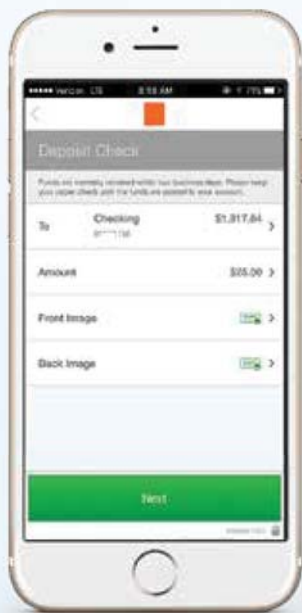

MAKING A DEPOSIT WITH OUR MOBILE APP IS QUICK AND SECURE.

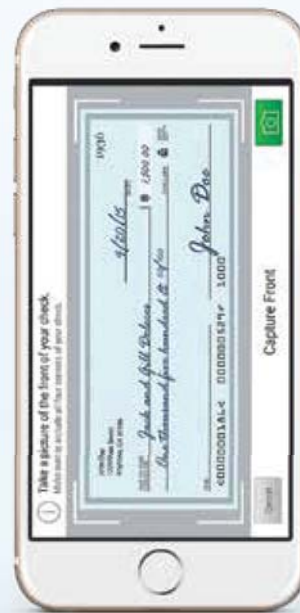

From deposit, you can deposit your paper checks as well as the money you receive through our personal payment service.

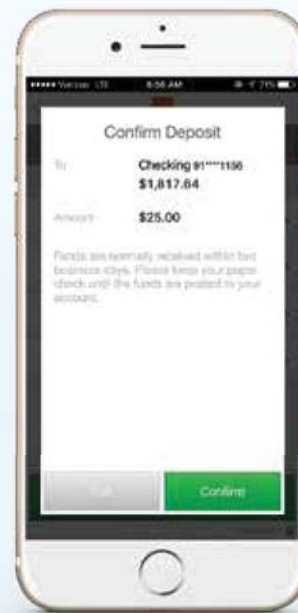

To deposit a check, begin by endorsing the back of the check. With-in the app, select "De-posit Check." Choose the account to make the deposit and enter the amount.

Take a photo of front of check, against clear background, without any objects. Ensure entire check is visible, in focus and well lit. If clear, accept it. Repeat this process for the back of the check. Once both images have been captured, continue to review your deposit and confirm it.

You can check the status of your deposit at any time. Statuses include pending, failed and those that have been accepted and posted.

Your deposit is now pending. Retain the physical check marked, "Deposited via Mobile Device," with date until the deposit successfully posts to your account.
